

A Safe Place

*Supporting Survivors
for 35 Years*

ANNUAL REPORT 2022

A Safe Place firmly believes that individuals have the right to live their lives free from domestic violence, sexual assault and exploitation, harassment, and bullying. We support survivors every day and work to eliminate behaviors that promote sexism, racism, gender violence, and rape culture.

If you or someone you know has experienced domestic violence or sexual assault, **FREE** and **CONFIDENTIAL** services are available.

In-person counseling & advocacy in
English, Spanish & Portuguese.

Supporting Survivors for 35 Years

“What struck me with the rapes that have occurred is that there is no facility and no trained women on island to counsel victims.”

- Julie Fitzgerald, Esq.

(February 12, 1987, The Inquirer and Mirror)

As we observe our 35th anniversary this year, A Safe Place looks back to its beginnings when five women lawyers formed the Nantucket Women’s Bar Association with the top priority of setting up a rape and abuse network and an advisory board.

Sarah Alger, Julie Fitzgerald, Sara Greenberg, Melissa Philbrick, and Rhoda Weinman scheduled their first public meeting on February 17, 1987, with an agenda formed by their own experiences, which Weinman describes as having nowhere to send clients who had experienced domestic violence or sexual assault.

A Safe Place in 2022 salutes these founding women for taking action to address the continuing serious problem of domestic violence and sexual assault on Nantucket. Many islanders, serving as directors, staff, and volunteers, have followed in their footsteps. Thanks to their efforts, 35 years later the organization has a strong presence on the island and offers an expanding range of both supportive and preventative programs and services to all members of the Nantucket community.

Our Mission

To eliminate domestic violence and sexual assault in the Nantucket community while empowering every woman, man and child to live a life free from violence.

FROM THE BOARD PRESIDENT

It is hard to believe 35 years have passed since our founders put together the framework to create A Safe Place. Their vision back in 1987 set us on a path to serve those dealing with domestic violence and sexual assault. Unfortunately, all these years later there is still work to be done.

Thanks to the generosity of those listed in this report, and the thousands along the way, we have been able to continue to work with survivors and victims to eliminate domestic violence and sexual assault in the Nantucket community while empowering every woman, man and child to live a life free from violence.

With the recent increase in need, we have been able to add new programs and services in these changing times. We have partnered with a family court attorney who is providing legal services for our clients; we are offering more programs in our schools, rental and food assistance programs, as well as retaining all of our tried and true services, victim counseling and advocacy.

This year we were able to increase the funding of all of our programs and services thanks in part to our two successful fundraising events: our summer events with Elizabeth Smart and our October Walk A Mile for A Safe Place. We also had another outstanding Annual Appeal in November and December. We are so grateful for all our new donors as well as our loyal long-time donors, both local and seasonal, for their valuable support.

So 35 years after our founders imagined A Safe Place, with the help of the generous Nantucket community, we are still going strong and continuing their vision to work with victims and survivors of domestic violence and sexual assault here on Nantucket with all services provided absolutely free of charge.

With gratitude,
Linda Hoey

FROM THE EXECUTIVE DIRECTOR

I am excited to share what a momentous year this is for A Safe Place. As an organization we are currently celebrating our 35th anniversary of being in operation. Additionally, I am proud to say that August just marked my 15th anniversary working to support survivors through this wonderful organization. I have held multiple roles within A Safe Place and have seen tremendous growth in the programs, services, and staffing levels provided to the community. In reflection, I never thought I would be working here for this length of time, but the mission really became a huge part of who I am and, thus, kept me working to support survivors, the staff team, and the overall organization. We have new dreams for A Safe Place, and I am excited to continue working on these dreams for many years to come.

I want to thank you for being a part of our past and hope that you will stay by our side moving into the future. We have come a long way, but we still have a lot of work ahead of us. Since the pandemic began, our numbers have continued to rise in terms of the number of survivors that we have served. In fact, we have seen a 12% increase in our Trauma Therapy program in comparison to last year, a 25-30% increase in both our Domestic Violence and Rape Crisis programs that has remained at this heightened level since before COVID, and more than 150% increase in our Supervised Visitation program since last year. This is alarming, but we are happy that our services exist and that we have been able to meet this increased need.

We have had a successful year and I owe that to you-our donors, supporters, volunteers, and friends. Please know that I recognize the greatness that you bring to A Safe Place...each kind note, financial donation, in-kind donation, show of support at an event, or volunteer hour really does make a difference. Thank you from the bottom of my heart. I look forward to our continued work together.

Sincerely,
Jennifer Frazee

START BY BELIEVING

Senior Advocate, Frejae Burrows, and Executive Director, Jennifer Frazee, attended the annual End Violence Against Women International (EVAWI) conference in San Francisco. Through this conference they became familiar with the **Start By Believing** campaign, a global campaign meant to transform the way we respond to sexual assault.

The campaign encourages individuals to respond to disclosures of sexual assault by assuming the survivor is telling the truth and believing them. Too many survivors receive negative responses in the aftermath of sexual assault and are questioned for their choices or behaviors. These negative responses can worsen the survivor's trauma.

Start By Believing aims at stopping this cycle by improving the personal and professional reactions of others. The message is simple yet powerful. Let us work together to **Start By Believing**.

START BY BELIEVING

"I believe you."

"I'm sorry this happened."

"I am here for you."

Roberta Reis and Deborah Van Dyke

In 2002, when she was just 14 years old, Elizabeth Smart was abducted from her home and held by her captors for nine months. Smart turned her traumatic experience into an opportunity to advocate for trauma survivors. We were proud to feature Elizabeth Smart as a luncheon speaker on July 8, 2021 to help raise awareness and funds for A Safe Place.
